### [Compound Method Question](#)

by [potto216](#) » Mon Nov 25, 2013 6:17 pm

Where can I find a description of the Compound methods 0-4 in the Sonix software? There is a suggestion that it is on the research wiki, however the closest page I could find is: [http://www.ultrasonix.com/wikisonix/index.php/with\\_Data](http://www.ultrasonix.com/wikisonix/index.php/with_Data) which does not describe the methods.

Thanks!

Paul

## [Re: Compound Method Question](#)

by [reza](#) » Fri Dec 13, 2013 11:18 pm

Hi Paul,

If you click on the parameter in the exam a description shows up on the bottom that explains the parameter. In your case

- 0 means no compounding (shows individual angle separately)
- 1 means compounded image (averaging all the angles)

Hope it helps
